## INSURANCE RATES REDUCED ON COMPLETION NEW FIRE SERVICE

Beginning next Sunday the water company of Tonopah will start installing new double outlet fire hydrants in the business district. These plugs will have a six-inch inlet compared with the present four-inch inlet. When the high pressure is applied each hydrant will deliver two streams capable of throwing over the roof of the Bank Block with 135 pound pressure. It will require five weeks to complete the work, as the mains can only be tapped on Sunday and one day is considered good work. The big fire tanks on the slope of Mount Brougher contain 500,000 gallons or sufficient to furnish water for a couple of days without replenishing. The water is pumped from a station below the high school on Bryan avenue where a powerful centrifugal pump, electrically driven, has been established in a concrete floored house.

Almost opposite is the electrically controlled device for releasing the high pressure supply. This is operated by a switch at the fire station. When an alarm is turned in a switch is thrown and the current delivered to the controlling mechanism of a valve connected with the fire mains and also the domestic system. As the switch is dropped the valve begins turning slowly in order that the pressure be not applied too hastily and lead to the bursting of pipes. The time required to complete the opening or closing of the valve is exactly 90 seconds, according to a stop watch held by Chairman Davis, of the board of county commissioners at the test which was held last Saturday.

The water supply from the fire tanks enters the domestic delivery mains, but it is fresh and as pure as though it came direct from the pumping station at Rye Patch. The safety level in the fire tanks is

marked by an electric device in the fire house. This indicates when the water level is lowered to a float by igniting a red incandescent lamp on the switchboard. When the red light shows the chief knows that it is time to turn in more water but, as there is plenty on hand in the tanks for any emergency he does not throw the auxiliary high pressure pump into motion until the water company has completed filling the tanks of the several milling concerns. This usually occurs late in the afternoon. Then the Bryan avenue pump is given free play and in a few minutes the fire tanks are filled. The water is kept pure and wholesome through a connection with the smaller tank in the vicinity which serves domestic demands. The big tank overflows into the smaller one and in this way a circulation is maintained and the water is kept pure and sweet. The pump was ordered on specifications supplied by W. R. Bozarth, master mechanic of the Tonopah Mining company and installed under his direction.

The delay in completing the service was due to difficulty in getting delivery of the valve and the electric control. After these were received two months ago the weather was too cold for laying cement and another delay was made necessary. The entire equipment was ordered about a year ago and installation of the valve was left to Campbell-Kelly. When the four plugs are set in Main street, the present plugs will be distributed over the residence section. After this the service will be completed and Tonopah insured against any more disastrous conflagrations. Insurance rates will be lowered and those who have paid in advance on the three-year plan expect the underwriters will provide for a rebate in proportion to the remaining time of their policies.

## AUSTRALIA REALIZES \$2,500,000 FROM SALE OF EXPORTED FROZEN RABBITS

(By Associated Press.)

MELBOURNE, Australia, April 23.—Rabbit trapping and exportation of refrigerated rabbits has experienced a boom as a result of the war. Heretofore, the rabbits have been a curse to Australia and millions of pounds sterling have been expended in an effort to eradicate them.

Lately, however, the commonwealth authorities have been taking an active interest in rabbits for consumption both in Australia and abroad. The view that the rabbit is a pest which should be exterminated is not being encouraged. Steps have been taken by the government to have

the poisoning of the animals suspended and trappers are being urged to maintain the output for consumption.

Undoubtedly this policy is a result of the war strain upon food supplies in Great Britain and among the other entente allies. A month or two ago the British government notified the commonwealth government that it had decided to buy the whole of the surplus of Australian refrigerated rabbits for the season for 1917. The transaction will involve about \$2,500,000. Last season Australia exported 10,296,000 pairs of rabbits, showing the extent of the supply which Great Britain has contracted to take.

## RED HILLS INSPECTED BY TONOPAH PEOPLE

## LARGE PARTY OF LOCAL STOCK-HOLDERS VISIT PROPERTY AND INSPECT WORKINGS

A week-end excursion visited Goldfield Saturday afternoon and another followed Sunday for the express purpose of seeing what was doing on the Red Hills property in which many citizens of Tonopah are heavily interested. Among those making the trip were Pat Mooney, J. R. Blair, of the West End, Herman Albert, of the Tonopah Banking Corporation, Joe Gori and Bill Hart. They were all much impressed with the big work in progress and express the conviction that the company will get results shortly after beginning real mining next week. The cages were being installed yesterday and interest will center on the work of raising from the 500 level, since it is well known that the best ore in the sensational Florence leases was taken from a depth of 400 feet. From what is known of the previous history of the leased property is almost certain that the Red Hills will encounter an ore body any shot after the raising begins.

## MARRIED IN LOS ANGELES

E. J. Briggs, of the Tonopah Extension mine, was married in Los Angeles last Thursday to Miss Freda Kringle, formerly of Tonopah. After spending the summer on Mr. Briggs' ranch in Mendocino county they will return to Tonopah.

## COUPLE OF RENO BOOSTERS

J. Ed Faber, president of the Bonham Realty and Trust company, and W. J. McFarland, secretary of the same company, have taken rooms at the Mizpah hotel where they will be pleased to show intending investors plans and photos of the new University Terrace addition, situated west of the University of Nevada.

## CANNOT FILL ORDERS FOR CANNED STAPLES

## JOBBER ADVISED THAT IT IS IMPOSSIBLE FOR DELIVERY OF MANY STAPLES

The latest addition to the luxuries of everyday life is an advance in the cost of canned milk which circular advices state has been shoved up 55 cents a case, with instructions not to sell more than five cases to any customer. Hard wheat flour has advanced one dollar a barrel in the past week and sugar went up \$1.65 in the course of 30 days. No attempt is made to fill orders for tomatoes, corn and other staple canned goods as the jobbers admit they have been cleaned out and see no way to replenish their stocks.

## REVISION OF BILL ORDERED

In the case of Frank Love versus the Mount Oddie United Mines company Judge Averil has issued a ruling admitting objections to the statement filed on appeal and directs that the bill of exceptions shall be corrected and engrossed so as to contain the true facts. The copy of the verdict is also ordered corrected.

## BRITISH ABSTAINERS

LONDON, April 23.—Statistics gathered by the admiralty show that there are 47,000 total abstainers in the British navy.

## LES DARCY ENLISTS

MEMPHIS, Tenn., April 23.—Les Darcy has enlisted as a reservist in the United States army.

The fire department was called out yesterday morning at 8:05 o'clock owing to a fire burning out at the residence of Dr. McLeod.

Between the H. C. L., the I. O. U., S. O. S. and P. D. Q., we are all kept on the jump—Los Angeles Times.

## SECOND SHIPPER NEAR TYBO MINE

## OLD MINE NEAR TYBO ENTERS THE TONNAGE CLASS SHIP. PING BY TRUCK

Ten miles north of Morey, Nye county, in the same district that is occupying the attention of the Louisiana Mining Company Consolidated, at Tybo, another property backed by Salt Lake capital has come to the front without any publicity. The product is a lead-silver ore that assays around \$48 a ton. Mr. Hay, of Salt Lake, is manager and he is said to have opened up a large tonnage which will soon seek a market through the Tonopah gateway. The company operated through a shaft but is now driving a tunnel to cut the ore body at depth. At first the management proposed shipping by way of Eureka but, owing to the fact that the initial road is a narrow gauge, and the ore would have to be transferred at Palsade on the main line of the Southern Pacific, the rate by that route was placed at \$7.50 per ton, which can be beat by the longer haul to Tonopah. The roads in this direction are better and the railroad rate is lower to Salt Lake. The company is arranging for the purchase of motor trucks.

## BRITISH HOSPITAL

(Continued from Page One.)

not in any way outwardly distinguished as a hospital ship.

The distinctive markings of the other had not yet been removed. Both were provided with an escort for protection.

The story of the sinking of the hospital ship Lanfranc will rank with the undying histories of the Birkenhead and Tyndareus, according to a British officer. The British soldiers stood at attention while the ship was slowly sinking beneath them. Their conduct was in marked contrast to that of the Prussian guardsmen aboard, who in the moment of danger rushed for the life boats.

The Lanfranc was attacked by a submarine about 7:30 Tuesday evening," said the officer. "The crash shook the liner violently, the explosion sending splinters of wood and glass flying in all directions. Within a few minutes the engines stopped and the vessel seemed to be sinking rapidly. But to our surprise she steadied herself and after a while remained motionless. We had aboard prisoners of the Prussian guard and many British wounded, including some serious cases.

"The moment the torpedo struck the Prussians made a mad rush for the life boats. When they were ordered to await their turn, many showed cowardice by dropping on their knees and imploring pity.

"The crew and staff went to their posts. The stretcher cases were lowered first to the boats. Meanwhile in response to distress calls, many vessels came hurrying to our assistance. Even while wounded and helpless Tommies lay unaided in their cots, the cowardly prisoners made another attempt and managed to crowd in a life boat, which however, toppled over directly as it was levelled. Then they fought with each other to reach another boat containing some gravely wounded.

"I shall never forget the behavior of our own lads. They tried to stand at attention, crippled as they were, while the graver cases were being looked after. The crew and staff remained at their posts until the last man was taken off. Some doffed their garments and threw them to those in the lifeboats, wanting warm clothing and in the midst of the distress and tragedy our men were able to strike up some popular ditties.

NEW YORK, April 23.—Resolutions declaring that the censorship provision of the espionage bill is "an assault upon the very foundation of our free institutions, freedom of thought and freedom of speech," have been adopted by the publishers' association of New York City. Senators and representatives in congress from this state are requested to vote against the measure.

The resolution says:

## LIBERTY THEATRE

## TODAY

"PATRIA," No. 5.  
featuring Mrs. Vernon Castle, the biggest serial ever produced, and the one that President Wilson has been asked to have stopped.  
HELEN HOLMES  
in a five-reel feature, "The Manager of the B. & A., a railroad drama."  
10c-15c

## TOMORROW

"Tillie's Punctured Romance" in seven parts, featuring Charlie Chaplin and Marie Dressler, the greatest comedy ever screened.  
Hearst International Cartoon and scenic.  
15c-20c

## PERSONAL

JOHN BRADFORD, the cattleman of Ash Meadows, was a passenger this morning for Carson.

MRS. E. H. MURRAY has returned from California and joined her husband. They are at the Mizpah Hotel.

HARRY MOORE, manager of the Rescue-Eula, returned from Reno this morning after having been called away by company business.

WALTER TRENT, president of the Louisiana Consolidated Mining company, arrived from Reno yesterday and spent the day at Tybo, returning in the evening to Tonopah.

DAN KANE, a brother of Tom Kane, of the Tonopah Extension force, came in this morning from St. Edwards, Neb., on a visit to his brother.

## EARLY DAY BARBER DIES IN SACRAMENTO

## FRANK POTTER SMITH DIES SUDDENLY OF HEART DISEASE IN SACRAMENTO

Information was received by wire this morning to the effect that Frank Potter Smith, one of the early day barbers, died suddenly last Friday of heart disease at his home in Sacramento. The deceased is survived by a widow. Mr. Smith came to Tonopah about 1903 and at one time conducted a barber shop on the site of the present Bank saloon, later removing to Main street after having built what is known as the Smith block. Smith was well known as a politician and ran for the position of mayor, but met with defeat. Before coming here Mr. Smith was active in politics in Placerville, Cal. He was a member of Tonopah Aerie F. O. E.

For the best war pictures go to the Butler tonight.

Our guess is that Carranza will not attempt to pull any other whiskers than his own.—Waco Times Herald.

Scenes from the French front. Just what you want. Go to the Butler tonight.

Information of military value could be prosecuted under the law of treason.

"The American people are entitled to a full, free and frank statement of all that occurs, whether it be good or bad. They must have confidence that they are getting the truth."

Application No. 4211.  
Notice of Application for Permission to appropriate the Public Waters of the State of Nevada.

Notice is hereby given that on the 17th day of February, 1917, in accordance with Section 59, Chapter 140, of the Statutes of 1915, Mary F. Clifford, Adm. etc., and John F. Clifford, of Tonopah, County of Nye, and State of Nevada, made application to the State Engineer of Nevada for permission to appropriate the public waters of the State of Nevada. Such appropriation is to be made from Five Mile Spring, at a point in Lot 2, Sec. 4, T. 3 N., R. 49 E., M. D. R. & M. by means of small reservoirs and there used for stock watering purposes. Water not to be returned to stream.

Signed W. M. KEARNEY, State Engineer.

## AMUSEMENTS

## BUTLER THEATER

Tonight's the night at the Butler, for in addition to a high-class feature picture program, the Beeson Brothers, composed of four people, will appear in vaudeville, featuring their troupe of educated dogs and monkeys in a high-class trained animal act, also introducing a short snappy sketch, and singing and dancing specialties. It will be a great night, and the admission will be just the same as on any other night. There will be the two regular shows, the first at seven and the second at nine.

The picture program will consist of the latest release of Hearst-Pathe News, showing all the important events not over a week old. The feature is a Vitagraph Blue Ribbon entitled "Babette," with the talented English star, Peggy Hyland, supported by another popular screen favorite, Marc Mac Dermott. The story in brief: He stole for her. She was his "all in all." To her he was the noblest man. For her he decided to go straight, for her he gave up the crooked life. Her influence moulded a new man, but then came adversity, Babette, the girl of his heart, needed money. He gets it in the old way. Then came the police. He lied to her, but a turn of fate comes to his aid, and she never knew. Tomorrow, dainty Vivian Martin in "Her Father's Son."

## LIBERTY THEATER

Today: Two big features for one admission. Come early. Mrs. Vernon Castle as "Patria," in "The Island That God Forgot," Episode 4, the serial of Americanism, patriotism and preparedness that has caused so much talk and is breaking all box office receipts all over the country. By all means see it yourself and decide whether or not it should be censored. Helen Holmes in a five-reel feature, "The Manager of the B. & A.," a great railroad drama.

Tomorrow the biggest comedy ever produced, "Tillie's Punctured Romance," featuring the following nine (9) comedians: Charles Chaplin, Marie Dressler, Charles Murray, Mabel Normand, Mack Sennett, Mack Swain, Chester Conklin, Ford Sterling and Harry McCoy, in seven (7) big reels.

"Tillie's Punctured Romance" was played at the Pastime theater for two days just two years ago and was the biggest hit ever brought into Tonopah. The following expression seems to be general since the booking of this side-splitting comedy has been announced: "I have seen 'Tillie's Punctured Romance' once or twice before, but I surely would lose a shift to see it again. It's a knockout."

## RED CROSS PROTEST

(By Associated Press.)  
GENEVA, April 23.—The International Red Cross has sent an energetic protest to Germany against the torpedoing of English hospital ships.

## ASSESSMENT NOTICE

## TONOPAH GIPSY QUEEN MINING COMPANY

Location of principal place of business and location of works, Tonopah, Nye County, Nevada.  
Notice is hereby given that at a meeting of the board of Directors, held on the ninth day of April, 1917, an assessment (No. 11) of One (1) Cent per share was levied upon the capital stock of the corporation, payable immediately in United States Gold Coin, to the Secretary, at the office of the company, Room 245, Russ Building, San Francisco, California.

Any stock upon which this assessment shall remain unpaid on the 15th day of May, 1917, will be delinquent and advertised for sale at public auction, and unless payment is made before, will be sold on Tuesday, the 15th day of June, 1917, to pay the delinquent assessment, together with the costs of advertising and expenses of sale.

By order of the Board of Directors,  
CHARLES D. OLNEY,  
Secretary.

Office: Room 245 Russ Building, San Francisco, California. April 23, 1917.

## INCREASE IN THE USE OF TOBACCO IN ENGLAND

(By Associated Press.)  
LONDON, April 23.—Despite the government's restrictions against tobacco imports, last year showed a heavy increase in the amount consumed in Great Britain. A total of £48,600,000 was spent last year for 130,700,000 pounds of tobacco, as against £40,000,000 on 126,000,000 pounds the previous year.  
England's tobacco expenditure per head for the year was \$5.25.

## CATHOLIC PRIESTS OFFER SERVICES TO ARMY

(By Associated Press.)  
WASHINGTON, D. C., April 23.—Archbishop Ireland, of St. Paul, and Bishop McGillicuddy, of Duluth, pledged to Secretary Baker their co-operation to furnish the new army with chaplains.
